ABOUT AMTRUCK

We are a proudly Canadian company serving municipalities and private service providers throughout North America.

COMMITMENT. TRUST. SERVICE.

Amtruck Limited provides garbage trucks.

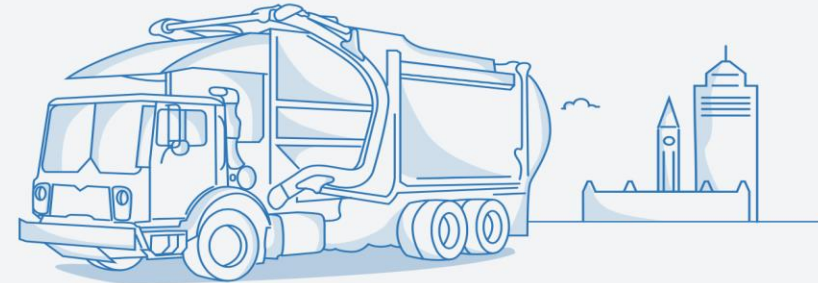

We believe in long-term relationships as buying or renting a garbage truck is not like buying a used car. Our customers do not drive away to never again see the dealer so we're in it for the long haul. Repeat customers are the key to our longevity.

Our customers are businesses adding a valued piece of equipment to their operations and Amtruck plays a key role in their fleet management initiatives.

GARBAGE TRUCK RENTALS

Sometimes renting a garbage truck is your best option. Amtruck rents trucks to service providers across North America.

WHY IS RENTING YOUR BEST OPTION?

Renting has many benefits, including:

- Lower upfront costs
- Meeting your short-term needs quicker
- Return the truck when your needs are met
- Meeting temporary spikes in service demand
- Keeping your fleet lean and flexible

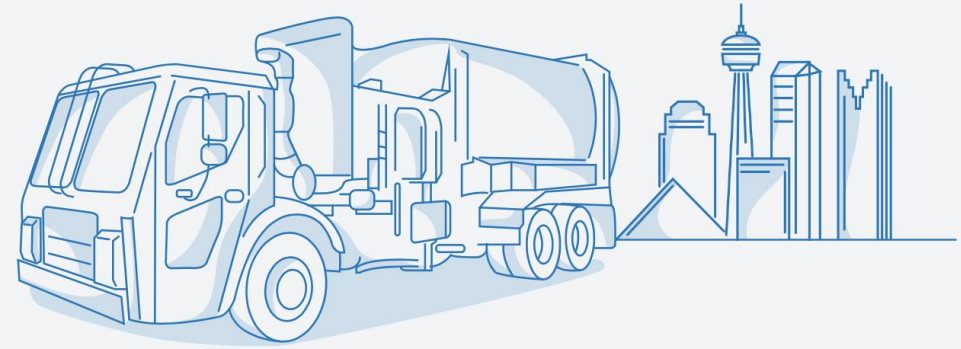

Your business priorities may call for a short-term rental or a long-term rental. We offer both.

We work with you to determine whether renting meets your service needs.
